UTAH LABOR COMMISSION OPEN MEETING

THURSDAY, JANUARY 14, 2010, 9:00 A.M.
MAIN CONFERENCE ROOM
3RD Floor, Heber M. Wells Building
160 East 300 South, Salt Lake City, Utah

AGENDA

Conducting: Commissioner Sherrie Hayashi

1. Administrative Rule R616-2-3. Safety Codes and Rules for Boilers and Pressure Vessels.

The proposed amendment adopts the July 1, 2009, addenda to the following sections of the ASME Boiler and Pressure Vessel Code (2007): Section I-- Rules for Construction of Power Boilers; Section IV--Rules for Construction of Heating Boilers; and Section VIII-- Rules for Construction of Pressure Vessels. The proposed rule also replaces the 2004 edition of the NFPA 85 Boiler and Combustion Systems Hazard Code with the updated 2007 Edition.

2. Administrative Rule R616-4. Coal Mine Safety.

This proposed rule implements requirements of the Utah Coal Mine Safety Act, enacted by the 2008 Utah Legislature as Utah Code Annotated § 40-2-101 et seq. The rule: a) defines terms; b) establishes procedures under which the Utah Office of Coal Mine Safety will examine provisions made for health and safety in coal mine, and respond to any unsafe conditions; c) establishes standards for reporting coal mine accidents to the Office of Coal Mine Safety; and d) establishes requirements for coal mine operators to conduct annual reviews of coal mine emergency response plans.

In compliance with the Americans with Disabilities Act, persons needing auxiliary communicative aids and services for these meetings should call Robyn Barkdull, Utah Labor Commission, (801) 530-6815, at least three working days prior to the meeting.
